Committee: House Committee On Rules

Measure, Appointment or Topic: SB1516

Using speed and red light cameras from the same company who makes the Flock cameras that were also opposed to by the vast majority of Central Oregon citizens due to privacy concerns is frankly a dumb move. These cameras have been installed elsewhere in LA and other cities which resulted in countless lawsuits and were eventually taken down because of it. This would only cause more hassles and cost the taxpayers more money. Please reconsider installing these costly cameras.
