Measure, Appointment or Topic: SB1516

Between this and crazy exceptions for police in 4145, can you please consider our future against facist governments that have been growing more powerful.

Do we really think we need more surveillance and more separation from us and them? I don't think so.

I knows its hard to separate yourselves from your job (it is for me as an educator) but run the clock forward 9 months, 3 years, what kind of world do we want to live in?

Please consider opposing SB 1516
