Measure, Appointment or Topic: SB1517

I am writing in opposition of SB1517. I am an avid outdoor recreation user and do not agree with the outcomes this bill is proposing to bring forward to Oregonians. Outdoor programs are an important and critical part of youth education. They provide many things, an entry point the natural world, a break from everyday life, introduction and hopefully a long love of conservation. Values that we should be teaching our children not the importance of litigation and trial lawyer tactics. It has been a long time since Oregon has passed any sensible legislation and I urge the house to make start in moving forward some of the ideas that makes Oregon a state we all want to live and recreate in for generations.
