Committee: House Committee On Rules

Measure, Appointment or Topic: SB1516

These red light cameras are meant to generate revenue and not keep our roads safe. In other towns where these have been installed they have decreased the duration of yellow traffic lights to increase revenue from red light camera tickets. Other towns that have installed these ended up removing them after court battles over privacy concerns. If you want to keep our roads safe then have bend police patrolling them. I never see cops out on the roads giving tickets to speeding, especially on the 97. Relying on cameras from companies with predatory business practices is not the way to go.
