Measure, Appointment or Topic: SB1517

Dear Committee Members;

I have a suspicion that I will hearing the term "affordability" a lot over the next few months, leading up to the November election. In fact, I bet that term will roll of your tongue. Passing SB1517 as written currently does nothing to lower the cost of insurance for those of us in the fitness industry, thereby lowering cost to our customers. Please adopt amendments A-11 or A-15. With either of these amendments in place, the passage of SB1517 will actually serve to make the services I provide to my community more affordable.
