I am testifying in support of SB 1516. As a new father and husband to an Asian American household, this bill passing is important to the safety of my family and teaching my son about the importance of accountability. The disturbing news of the AAPI community being targeted within our state has been frustrating to follow as the majority of criminals being caught have been released on bail and fled. While a lot of work needs to be done to prevent this highly organized crime ring, approving this bill will be a step towards the right direction.
