Committee: House Committee On Rules

Measure, Appointment or Topic: SB1516

I oppose HB 1516 as written as it will allow warrantless surveillance of citizens, without warrant. My opposition is focused on the ALPR legislation incorporated into the bill, against mass surveillance in general and specifically the absence of the important definition for end-to-end encryption. Amendment -15 must be incorporated into the final version of SB 1516 in order to move it forward.

Our civil rights are under attack and this is one more way that our privacy is being weakened.

Thank you,
Lisa Livelybrooks
