

Submitter: Zachary Lesher

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction

Measure, Appointment or Topic: SB1601

Thank you, legislators, for the opportunity to testify.

I am firmly opposed to the raiding of transit and safe streets funds to pay for ODOT's eternal highway spending problem. The meager funds currently afforded to non-car transportation should not be sacrificed to appease ODOT's ever-greater desire to add additional cars to our roads at the expense of children's safety, the environment, and our ability to move around our cities without encasing ourselves in metal to protect ourselves from other drivers.

Thank you,  
Zach Lesher
