

Submitter: Doug Dryden

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or Topic: SB1601

Dear Chair Girod, Chair Nosse, and members of the committee,

I am writing to ask you not to redirect funding from the Oregon Community Paths and Safe Routes to School programs to highway maintenance and operations as currently laid out in the -3 amendment to SB 1601.

While I understand the need to redirect funds to ODOT, this solution takes necessary funds from our most vulnerable community members, our schoolchildren and others who cannot drive. Improving our walking, biking and infrastructure is vital to the health of our communities and decreasing our reliance on cars. As a society we need to be building up our infrastructure quickly to help stem the fracturing of our communities, pollution, accidents and ill health that is caused by our car dependence.

More than 80% of Oregonians report using local trails, that is a higher percentage of Oregonians than those that drive. Off-street paths provide the absolute safest places in our community for people of all ages and abilities to walk and bike. The Oregon Community Paths and Safe Routes to School program are already tragically underfunded, and people continue to die on our streets as a result.

Please preserve the following funds from any budget cuts:

Multimodal Active Transportation Fund: funded in part by the bike tax and currently directed entirely to Oregon Community Paths program to fund safe, off-street alternatives.

Transportation Operating Funds: non-street funding that funds passenger rail, paths, and para-transit)

Safe Routes to School Funds

Thank you,

Douglas Dryden
