

Submitter: Robert Galanakis

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction

Measure, Appointment or SB1601  
Topic:

This bill could also be called "how to alienate and piss off the people doing the most work." Raiding SRTS and rail funding to pay for highway maintenance is truly incredible. Let's stick it to the kids and incredibly popular (and federally funded) transportation! This is bad policy, but it's also hideously bad politics.
