Capital Construction

Measure, Appointment or Topic: SB1601

I am a resident of NE Portland who travels regularly between Portland and Eugene. I strongly oppose the proposed legislation in SB 1601 with -3 amendment. We cannot continue to cut transportation alternatives and access to people who cannot drive to prop up a broken highway system. We should be improving rail service in the Willamette Valley, not ruining it.

Shame on legislators for trying to ram through this fly-by-night, gut-and-stuff amendment. Do not pass this amendment; keep our transit funding intact!
