

Submitter: Michael Hangland-Skill

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction

Measure, Appointment or Topic: SB1601

I oppose this attempt to siphon funds from active transportation, public transportation, passenger rail, cycling, safe routes to schools, and other programs to patch holes in the ODOT budget. I don't want to fund wasteful, unnecessary mega projects around the state when we can't even fill potholes and local transit agencies are cutting service.
