

Submitter:

Bill Mason

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

SB1511

Actually I had submitted a comment urging passing of this Bill previously. I retract that now that I worked my way through the mumbo jumbo of this bill. It is probably worse than what already exists. The Estate Tax needs to be completely removed. IP51 is currently circulating and I believe it is written with the intent of supporting the people. SB1511 should be the same. Thank You
