Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction

Measure, Appointment or Topic: SB1601

My name is Brandon Aase and I am a resident of Washington County. I oppose the proposed legislation in SB 1601 with the -3 amendment. We cannot continue to cut transportation alternatives when 1 in 3 Oregonians don't or can't drive. Rail is a lifeline to education, employment, healthcare, and the economy. Oregon can't afford to prop up the operations of highways by eliminating funding modes which shift vehicles off our roads.
