

Submitter: Adrienne Stacey

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or Topic: SB1601

So you want us just to remain in our cars until we're all dead, aren't you clever? Well, you're doing a good job and we're heading that way. These programs that you've cut the community have worked on so hard. They really do take care of people who can't be in a car. Why on earth are you cutting these programs? It's our life on earth that you're cutting.

Adrienne Stacey.
