Measure, Appointment or Topic: SB1508

I OPPOSE [SB 1508].

By virtue of his Office, the Secretary of State should not have to study elections.

Elections are very simple in concept, purge the registered voter rolls of the Dead and Illegal Aliens. Limit mail-in voting to seniors and the disabled-outlaw Ballot Harvesting.

Voter Identification [Driver's license, State picture I.D., or Passport] is required to vote.

Require the taking of a thumbprint into further secure the voting process from Illegal Aliens, Dead People and criminals from compromising of a ballot(s).

The Ballots should be expeditiously and extremely carefully counted, the results of the election posted before midnight the day of the election.

Lastly, there is no budget allocation to fund a professional election study, which might include the costs for consultants, attorneys, administrative staff and other overheads yet to be identified.

Barring any last ditch funding, [SB 1508] is flawed, therefore incompetent and is to be rejected and denied.
