

Submitter: Caryn Wheeler

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4147

This bill begins to shed light on the true cost of doing business in Oregon. By gathering information on public benefits that are propping up large employers we can have better more informed conversations about the full cost of social benefit programs.

I fully support this bill as a means of increasing clarity and opening up conversations about what it means to support Oregonians and Oregon businesses.
